Notices of any ASNE TW canceled or rescheduled events will be posted to our website.
Greetings Naval Engineering Professionals and Friends,

Summer is here and that is the best time to head to the beach! We are so lucky to live where we can enjoy it year-round, but you can’t deny the best time is the summer. We might not have as many events this year to enjoy with friends, but it is still great to get out and play in the water, soak in the sun, read a book or just listen to the waves. Summer in Tidewater is a wonderful time.

Virginia Beach is also where you will find us in the fall as we open our new ASNE season with the Fleet Maintenance and Modernization Symposium Sept 14-17 at the Virginia Beach Convention Center. Our theme this year is From Sailor to Shipyard – Improving Fleet Readiness.

It is also a time to reflect on the great year we had. We welcomed inspiring speakers to our dinner/meetings and had several educational tours. We raised enough funds that we were able to distribute roughly $4,000 in STEM awards. We also were able to contribute $14,000 to the four ASNE college scholarships ASNE TW sponsored. I am excited that two of the winners of our scholarships came from my Alma Mater. Go ODU!

As we wrap up this last month, we are still calculating the Section of the Year (SOY) points and we need your input. The SÖY award categories changed a bit this year as well as the period of evaluation. This year the period is between Jan 1, 2019 and June 30, 2020. We are looking to see if any of our members …

- Participated in a science fair, student competition, student project or STEM Activity during this time,
- Were a guest speaker for non-ASNE functions (civic clubs, universities, middle/high schools or other professional groups), and/or
- Contributed any voluntary service to other not-for-profit organizations.

Please send a list of your contributions to asne.tidewater.social@gmail.com so we can boost our points and bring home the SOY Award!

In closing, I cannot thank everyone enough who provided me their thoughts, guidance, leadership and most importantly time to make this another successful ASNE Tidewater year in the books. We made a rather “short” year very successful and an eventful one!

I am looking forward to seeing everyone at our Fleet Maintenance and Modernization Symposium at Virginia Beach Conference Center this September!

Stay safe!

All my best,
Pam

CALLING ALL MEMBERS!

ASNE Tidewater Leadership 2020-2021

The ASNE Tidewater leadership team is shaping up well for 2020-2021, but we could still use **more volunteers**! Please let us know how you’d like to get involved.

Executive Committee

Chair: Mr. Andy Vasquez  
Vice Chair: Mr. Vincent Janowiak  
Secretary: Ms. Andi McCusker  
Treasurer: Ms. Joyce Tucker  

Arrangements: David Jarvis  
Awards: Open  
Fleet Liaison: Open  
FMMS: Charlie Pfeifer and Jessica Galassie  
MegaRust: Dave Zilber  
Membership: Jamie Ray and Guy Zilber  
Newsletter: David Jarvis and Andi McCusker  
ODU Liaison: Open  
Programs/Events: Mike D’Amato and Vincent Janowiak  
Scholarships: Ray Weber  
Section Councilor: Herb Hood and Dave Zilber  
Social Media: Pam Schools  
STEM Outreach: Open  
USCG Liaison: Open  
Website: Lon Scofield and Andi McCusker

Increase Membership!

We’re always looking for brand new members! Please encourage your colleagues and friends to join ASNE and become part of our Society family. Please go [here](https://www.facebook.com/TidewaterSectionASNE/#) to join!

ASNE TIDEWATER SECTION NATIONAL SCHOLARSHIPS FOR 2020–2021

The 2020 /2021 ASNE National Scholarship Awards have recently been selected by The National Scholarship Committee and approved by the ASNE National Council.

There were fifteen Scholarship Finalists selected from an extensive slate of highly qualified student applicants.

Four of the fifteen $4000 awarded National Scholarships are sponsored by the Tidewater Section of ASNE. The four Tidewater Section awards are named for distinguished past and present Section Members with the assigned recipients for the 2020/2021 academic year as follows:

- The Admiral David Donohue Scholarship will go to Mr. Benjamin Koenig, a Massachusetts Institute of Technology (MIT) Mechanical Engineering Undergraduate
- The Captain Joseph Yurso Scholarship will go to Mr. Trey Bottoms, an Old Dominion University (ODU) Mechanical Engineering Undergraduate
- The Captain Paul Siebeking Scholarship will go to Mr. Christopher Kelly, an Old Dominion University (ODU) Civil Engineering Undergraduate
- The Captain William M. Pitt Scholarship will go to Mr. Tyler Temme, a Virginia Polytechnical Institute and State University (VT) Mechanical Engineering Undergraduate

Congratulations to all the ASNE Tidewater Section Scholarship Awardees!

Additionally, congratulations and “THANK YOU” to the ASNE Tidewater Executive Board, Section Members and all the Section Volunteers who work so hard during Section Events to generate the Section’s Scholarship Account funding!! Exceptionally strong and focused Section leadership and member volunteer engagement remains nothing short of impressive and directly contributes to the successful career goals of young Naval Engineering students who receive the ASNE Tidewater Section named Scholarships each year. Well done!

***************************************************************************************************

All,

It has been my privilege to take part in this year’s National Scholarship Committee Selection Process.

A special THANK YOU to Mr. Rich Celotto who has masterfully chaired the ASNE National Scholarship Committee for the past many years! :-) His leadership is key to herding all the cats for multiple meetings along with very supportive ASNE National Staff members Nancy Lackey and Sam Hall.

Also, a special THANK YOU to Section and Committee Members James Deputy and Frank DeMasi for all your time, effort and support of this year’s scholarship selection process! :-) 

Last, but certainly not least, "Thank You" to all the ASNE Tidewater Executive Board members for all your personal and professional support for the Section’s Scholarship Program Focus!

Best Regards,
Ray Weber
How Can We Support Your Professional Development?

ASNE (National) would like to hone the direction of their Professional Development (PD) program. They are asking members to complete a survey which explores their experiences, advice, and vision for advancing their Professional Development Program. No questions are required, but providing as much information as you can would be very helpful. Below is the list of questions on the survey. Please consider participating! Here is a link to the Survey. (login is required)

### Evaluating Needs for ASNE PD

1) What hot training topic(s) would be most relevant to you and your team?
   - Security
   - Software Programs
   - Digital Technology
   - Corrosion Control
   - Modeling/Digital Twin
   - Unique Maritime Environments (e.g., Arctic)
   - Other Topic(s):
2) Organization Name (optional):
3) Are there specific courses you immediately need for your organization or would complement employee development?
4) What does your organization’s continuing education program look like and how do you think ASNE can play a role?
5) What sub-groups within your organization require different training tracks?
   - Students/Interns
   - Young Professionals
   - Experienced Engineers
   - Program Managers
   - Non-Engineering Professionals
   - Other Topic(s):
6) Have you or your team participated in any ASNE PD in the past 3 years? If yes, how would you rate them?
   - We have not participated in ASNE PD.
   - We used it once and found it high quality.
   - We used it once and found it of neutral quality.
   - We used it once and found it low quality.
   - We used it multiple times and found it high quality.
   - We used it multiple times and found it neutral quality.
   - We used it multiple times and found it low quality.
7) Have you or your team downloaded any on-demand learning classes from the ASNE website in the past 3 years? If yes, how would you rate them?
   - No, we have not participated.
   - We used it once and found it high quality.
   - We used it once and found it of neutral quality.
   - We used it once and found it low quality.
   - We used it multiple times and found it high quality.
   - We used it multiple times and found it neutral quality.
   - We used it multiple times and found it low quality.
8) Which ASNE training type(s) would be most useful to you, your organization
   - Live, in-person training
   - Asynchronous, On-Demand Learning
   - Informal webinars
   - Professional-Development Hours (PDH) Opportunities
   - On-site Training at our location Other:
9) Is there a continuing education contact and what role do they play in your organization in planning employee development paths, developing content or delivering courses? Would you be able to make an introduction to explore opportunities for partnerships?
10) Select the ASNE training program(s) that would be most useful to your organization. (a list is provided or choose “Other”)

See you in 2021!
FMMS 2020 - VIRGINIA BEACH, VA

ASNE’s Fleet Maintenance & Modernization Symposium (FMMS) in Virginia Beach is still on schedule! This exciting symposium brings the naval ship maintenance and modernization community together for an open forum between the US Navy, NAVSEA, industry, academia, deck plate users, and you!

Registration is open, so take advantage of Early Bird prices which end July 1. The planning committee will continue to monitor COVID-19 developments, and communicate any changes in schedule and/or structure of the conference that may be necessary to ensure the safety of all participants.

Symposium Details:

❖ Date: September 14-17, 2020
❖ Location: Virginia Beach Convention Center, Virginia Beach, VA

Theme:

Our 2020 theme is: "From Sailor to Shipyard - Improving Fleet Readiness." The FMMS call for Technical Papers is now closed. We had over 40 submissions! Final drafts are due July 27, 2020.

Exhibits & Sponsorships:

Exhibits and Sponsorships are selling fast so don't miss out on the perfect opportunity to showcase your brand and snag one today! Purchase online, or email sponsorships@navalengineers.org.

Hotel Information:

ASNE reserved a block of rooms at the DoubleTree by Hilton Hotel Virginia Beach 1900 Pavilion Drive, Virginia Beach, Virginia 23451. The per diem government rate is $102 and the standard rate is $119 per night plus taxes and fees. Reserve online through our website, or call (757)-422-8900 and refer to ASNE FMMS 2020 before the reservation deadline, August 14.

For all things FMMS please visit our website!

If you’re interested in serving on our FMMS 2020 Planning Committee, please contact our Committee Chair, Charlie Pfeifer, at Charlie@cgpfam.net.
ASNE will proceed as planned with safety as a top priority for all members and attendees of upcoming events. ASNE is monitoring health and safety concerns surrounding COVID-19. Please note any program or schedule changes in red print.

Please email meetings@navalengineers.org for more information or visit www.navalengineers.org to register today!

**ASNE 2020 Virtual Launch & Recovery**
